first three

(2) set 220 noise with practice

Today's agenda: this and how to use it

look through pinpoint camera

look at parts of camera being passed around

basic film camera info → camera functions

### Books

Scott Kelby's Digital Photography

Photography in California - Louise Katzman

- Gray Card -

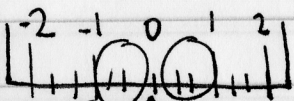

### ~~Assignment~~

### Assignment

everyone switch to manual → M

EV → exposure compensation (over & under expose)

ISO = manual now! white balance → can be auto

average (changes when aperture <sup>OR</sup> shutter speed change)

- as you adjust ap. & shutter watch the EV scale

shoot 3 shots + under 1  
- under 1
