

9/10

Art 82

Edward Muybridge - most technologically advanced photographer
Photography is not art?! Digital not accepted as art.
Don't shoot for that ONE PERFECT SHOT: explore,
experiment, enjoy the experience.

Use sheets to record shooting info - what were changes, etc?

Bracketing: shoot 400 - select 3-5 for assignment

1 stop = 1 full apt. value (60-125)

Film = 12 apt. values Digital = 41

examine differences; what were the results and how
did you get them?

AWB - Auto White Balance

For WED: P mode * Auto exposure bracketing 3-5 shots
1/3 - 1/2 - full both pos + neg .3 .7 .5

2 stops ← - meter + → 2 stops

before 10am NEVER shoot just one...

* Exposure value compensation (slower)

* Auto White Balance bracketing

Look up: What is AE Lock + Where do I find it?
