Metering Modes: correspond to Focus Modes

Spot Most precise

Center Average

Pattern

Servo Mode most active

AI Focus - Focus one time + lock

One Shot: Reads motion and distance, has a pause

Preview Button - holds apt. wide open for focus - gives a preview of depth of field / focus.

Shoot in AV or Manual

AV sets apt. you control shutter speed

M you set apt + shutter

go from largest apt to smallest for most difference

macro + zoom have a shallower depth of field - zoom out!

Different combos of Shutter speed and apt. will give varied effects
